Hi Darren,

We had an absolutely fabulous day, and would just like to thank you so much for your great entertainment throughout the day and evening.

From the ceremony music to the evening disco, you were outstanding, with a very professional yet entertaining manner. The music was varied without too much cheese and everyone was up dancing throughout the night.

Thanks again, we will definitely recommend you to all our friends for weddings and parties.

Regards,
Emma and Barry Turner.

Dear Innovents,

I am just writing to express how amazingly grateful we are that had you as the D.J. at our wedding. You did such an excellent job. Any bride knows that a good D.J. can make or break her wedding and you truly put on what all our guests have said was the party of the year. I really appreciated how flexible you were, from agreeing to stay a few more hours if needed, to coordinating everything via E-mail, to our very detailed song list! You hosted our event with such good humour and everyone commented on how excellent the music was, from dinner to dancing. Your commentary (as needed) was appropriate and timed exactly correctly. Also, I loved your set – the night starry sky was well worth the extra money, and the confetti cannon was so romantic and looks fantastic in the photos. Everything was just so perfect.

All I wanted when I was looking for our wedding D.J. was a D.J. that was "not cheesy" but you set the bar so much higher than that! I was so nervous because half of our guests were American, and half were English, and everyone had to like the music. Not only were you not cheesy, you were fun, engaging, and such a pleasure to work with. All of guests had the best time - well, you saw – the dance floor was packed the entire time! Seeing my father in law doing the twist was priceless. I seriously cannot thank you enough for enabling us to have our perfect wedding. We are both just so immensely grateful that you were there. You had everything under control and everything went exactly as planned. Thank you, thank you, thank you!

Sincerely,
Edward & Angie Howard

P.S. If anyone wishes to contact us they may email - I would be happy to provide recommendations.

Special Wedding Disco Package

Your wedding day is one of the most important days of your life! That is why Innovents created this Special Package to cover the whole day's music in one unique package.

The Ceremony

We arrive at the venue to set up before your guests arrive, playing the music for your Ceremony if required.

Often playing the music for the Ceremony is done by one of the venues staff or even a wedding guest, which can so easily go wrong. At Innovents we will professionally work with your registrars to make sure the music is played at the correct times for the following important moments

- The entrance of the Bride
- The signing of the register
- The exit of the bride and groom

The Drinks Reception and Wedding Breakfast

We will then play beautiful background music during the champagne reception and meal (creating a more relaxed and fun atmosphere.)

Announcements - We will professionally announce any key proceedings as required including the following important moments

- The Bride and Grooms Entrance
- The cutting of the cake
- The speeches
- The 1st dance

And naturally any other announcements that may occur.

Speeches

We will provide you with a crystal clear radio microphone for use during the speeches.

First Dance

We will professionally announce and play your first dance as husband and wife.

Evening Disco

We then supply our top of the range Deluxe Disco to ensure your guests dance the night away in style.

This package will transform your wedding into the most memorable event that will stay with you forever.

Location

We cover Berkshire, Surrey, Hampshire, London, the South East, and in fact most of England can be covered.

Price

£600.00 or £725.00 with uplighting.

Your wedding day is unique, and as such so is our service. We can happily cater for your requirements if you would like something different.

- For example; we can colour coordinate the light show to match your colour scheme, for example a soft pink or elegant white light show looks very stunning.
- If you do not require traditional disco lighting, we can offer a sophisticated and elegant light system using led uplighting mixed with simple colour wash lighting. This is for that modern, elegant and funky look.

Standard Disco (Ideal for up to around 80 guests) £400.00 or £550.00 with uplighting

A professional DJ with a quality light show and a sound output suited for medium sized venues. This light show and sound system is a more compact version of our Deluxe Disco, having a smaller light show and sound system ideal for standard sized parties. We play a great selection of music to keep your guests dancing all night long. Playlists are always welcome!

Deluxe Disco (Ideal for 80 plus guests) £475.00 or £625.00 with uplighting

This is our most popular evening disco package.

A professional DJ with a quality light show and a sound output suited for larger sized venues, playing a great selection of music that will guarantee to keep the dance floor busy all night long. This package is suitable for all types of events.

We always welcome Play lists, as we know how important it is to be able to play all of your favourite songs and we naturally welcome requests from your guests during the party.

Also why not have a look at our Elegant LED uplighting, the perfect compliment to your disco.

Elegant Up Lighting

LED uplighting makes your venue look elegant. You could have the lighting to the colour scheme of your wedding. You can choose the lighting to stay static on one chosen colour or you could choose them to fade nicely through different colours. The choice is yours.

(Have your choice of colours to colour decorate your wedding from stunning pinks to rich blues, in fact any colour, The choice is yours!)
